PROXY STATEMENT

This Proxy Statement contains information relating to the solicitation of proxies by the Board of Directors ("Board of Directors" or "Board") of PetMed Express, Inc. (the "Company," "PetMed Express, Inc.," "we," "us," "our") for use at our 2011 Annual Meeting of Stockholders. Our Annual Meeting will be held on Friday, July 29, 2011, at 1:00 p.m., Eastern Time, at the Sheraton Suites Cypress Creek Fort Lauderdale, 555 N.W. 62nd Street, Fort Lauderdale, FL 33309.

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

What am I voting on?

1. The election of five directors to our Board of Directors (Menderes Akdag, Frank J. Formica, Gian M. Fulgoni, Ronald J. Korn, Robert C. Schweitzer).
2. Executive Compensation (an advisory non-binding vote).
3. The frequency of holding an advisory stockholders vote on executive compensation (an advisory non-binding vote).
4. The ratification of the appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm.

What is a proxy?

It is your legal designation of another person to vote the stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. We have designated Bruce S. Rosenbloom, our Chief Financial Officer and Alison Berges, our Corporate Secretary and General Counsel, as proxies for the 2011 Annual Meeting of Stockholders.

How will my proxy vote my shares?

Your proxy will vote according to your instructions. If you complete your proxy instructions but do not indicate your vote on one or all of the business matters, your proxy will vote "FOR" items 1, 2, and 4, and for the option of every year for item 3. Also, your proxy is authorized to vote on any other business that properly comes before the Annual Meeting in accordance with the recommendation of our Board of Directors.

Why did I receive this Proxy Statement?

Our Board of Directors is soliciting your proxy to vote at the Annual Meeting because you were a stockholder of record at the close of business on June 3, 2011, the record date, and are entitled to vote at the meeting. The Company has made this Proxy Statement and the Annual Report on Form 10-K for the year ended March 31, 2011 ("2011 Annual Report on Form 10-K"), along with either a proxy card or a voting instruction card, available to you on the Internet or, upon request, has delivered printed versions to you by mail beginning on or about June 17, 2011. This Proxy Statement summarizes the information you need to know to vote at the Annual Meeting. You do not need to attend the Annual Meeting to vote your shares.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

As permitted by the rules adopted by the Securities and Exchange Commission ("SEC"), the Company has elected to provide access to its proxy materials over the Internet. Accordingly, on June 17, 2011, the Company will mail a Notice of Internet Availability of Proxy Materials (the "Notice") to the Company's stockholders of record and beneficial owners containing instructions on how to access the proxy materials on the website referred to in the Notice or to request to receive a printed set of the proxy materials. In addition, stockholders may request to receive proxy materials in printed form by mail or

electronically by email on an ongoing basis. The Company encourages you to take advantage of the availability of the proxy materials on the Internet in order to help reduce the environmental impact of the Annual Meeting.

How can I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to:

- view the Company's proxy materials for the Annual Meeting on the Internet; and
- instruct the Company to send future proxy materials to you electronically by email.

The Company's proxy materials are also available on the Company's website at: <http://investor-relations.1800petmeds.com/petmeds-annual-reports.html>. Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to you and will reduce the impact of the Company's annual meetings of stockholders on the environment. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, you are considered, with respect to those shares, the "stockholder of record." The Proxy Statement, 2011 Annual Report on Form 10-K, and proxy card have been sent directly to you by us. If your shares are held in a stock brokerage account by a bank or other nominee, you are considered the "beneficial owner" of shares held in "street name." The Proxy Statement and 2011 Annual Report on Form 10-K or a notice for electronic access of these materials have been forwarded to you by your broker, bank or other nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank, or other nominee on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting.

How do I vote?

If your shares are held in street name, through a broker, bank, or other nominee, that institution will send you separate instructions describing the procedure for voting your shares. Stockholders of record can vote as follows:

- *By Mail:* If you requested printed copies of the proxy materials by mail, stockholders should sign, date, and return their proxy cards in the pre-addressed, postage-paid envelope that is provided.
- *By Telephone or Internet:* Stockholders may vote by proxy over the telephone or Internet by following the instructions provided in the Notice of Internet Availability of Proxy Materials. Street name holders, however, may vote by telephone or Internet only if their bank or broker makes those methods available, in which case the bank or broker will enclose the instructions with the proxy materials. The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to vote their shares, and to confirm that their instructions have been properly recorded.
- *At the Meeting:* If you are a stockholder of record and attend the Annual Meeting, you may vote in person, by ballot, even if you have previously returned a proxy card. If you are a beneficial owner of shares held in street name and you wish to vote in person at the Annual Meeting, you must obtain a valid proxy from the organization that holds your shares. If you do not obtain a valid proxy from your bank or broker, you will not be entitled to vote your shares, but you can still attend the Annual Meeting if you bring a recent bank or brokerage statement showing that you were the beneficial owner of the shares on June 3, 2011, the record date for voting.

Who is entitled to vote and how many votes do they have?

Holders of our common stock as of the close of business on June 3, 2011, the record date, are entitled to vote at the Annual Meeting. Each issued and outstanding share of our Common Stock is entitled to one vote. As of the record date, 21,636,065 shares of our Common Stock were outstanding and entitled to vote at the Annual Meeting. However, if you have shares held through a brokerage firm, bank, or other custodian, you may revoke your instructions only by informing the custodian in accordance with any procedures it has established.

What is a quorum of stockholders?

Shares representing the majority of the total outstanding votes present or represented by proxy constitute a quorum. If you vote or return a proxy card, your shares will be considered part of the quorum.

What vote is required for approval of the proposals?

At the Annual Meeting, once a quorum is established, directors will be elected by a plurality of votes cast. Only votes cast "FOR" or "AGAINST" will affect the outcome of this proposal. Therefore, the nominees who receive the greatest number of votes will be elected to serve as directors.

The advisory vote on executive compensation requires the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting in order to be approved. The vote is advisory and therefore not binding on our Board; however, the Board and the Compensation Committee of the Board will consider the result of the vote when making future decisions regarding our executive compensation policies and practices.

For the advisory vote on the frequency of future advisory votes on executive compensation, shareholders may vote for such advisory votes to occur every one, two, or three years, or may abstain from voting. The advisory vote on the frequency of holding an advisory vote on executive compensation receiving the greatest number of votes will be considered the frequency selected by stockholders. The vote is advisory and therefore not binding on our Board; however, the Board and the Compensation Committee of the Board will consider the result of the vote in determining the frequency of future advisory votes on executive compensation.

Ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the shares of our common stock present at the Annual Meeting in person or by proxy and entitled to vote on the matter.

How does the Board recommend I vote on the proposals?

The Board recommends that you vote:

- FOR each of the nominees for director set forth on page 6;
- FOR the approval of executive compensation set forth on page 6;
- FOR the option of once every year as the frequency of holding an advisory stockholder vote on executive compensation set forth on page 7; and
- FOR the ratification of the appointment of our independent registered public accounting firm set forth on page 7.

May I change my vote after I return my proxy card?

Yes, you may change your vote at any time before your shares are voted at the Annual Meeting by:

- Notifying our Corporate Secretary, in writing at PetMed Express, Inc., 1441 S.W. 29th Avenue, Pompano Beach, FL 33069 that you are revoking your proxy;
- Executing and delivering a later dated proxy card; or
- Voting in person at the Annual Meeting.

How are abstentions and broker non-votes counted?

Abstentions are considered shares present at the Annual Meeting in person or by proxy, and will be counted for purposes of determining whether a quorum is present. Abstentions will have no effect on the election of directors, but will have the effect of a vote "AGAINST" ratification of the appointment of our independent registered public accounting firm. Broker non-votes refer to PetMed Express, Inc.'s shares held in street name by a brokerage firm or nominee organization (such as Cede & Co.) under circumstances where the beneficial owner has not instructed the broker or nominee as to how the shares should be voted. Broker non-votes are considered present by proxy for purposes of determining whether a quorum is present at the meeting. If your shares are held in street name, the broker or nominee organization in whose name your shares are held is permitted to vote your shares on matters deemed "routine" at the Annual Meeting, even if you have not provided specific direction on how your shares should be voted.

Item 1 (Election of Directors), Item 2 (Advisory Vote on Executive Compensation), and Item 3 (Advisory Vote on the Frequency of Holding an Advisory Stockholder Vote on Executive Compensation) are considered non-routine matters, and Item 4 (Ratification of the Appointment of Independent Registered Public Accounting Firm) is considered a routine matter. If the broker firm or nominee organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform us that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a "broker non-vote."

Who will count the votes and where can I find the voting results of the Annual Meeting?

A representative of Continental Stock Transfer & Trust Company, a company contracted by us to assist the Company in the tabulation of proxies, and our Corporate Secretary and General Counsel, Alison Berges, will tabulate the votes and act as inspector of election. The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the inspector of election, and a Form 8-K will be filed with the Security and Exchange Commission ("SEC") within 4 business days following the Annual Meeting.

What happens if a nominee for director is unable to serve as a director?

If any of the nominees becomes unavailable for election, which we do not expect, votes will be cast for such substitute nominee or nominees as may be designated by our Board of Directors, unless our Board of Directors reduces the number of directors. Under the policies of our Board of Directors, directors are expected to attend regular board meetings, board committee meetings, and our annual meeting of stockholders.

How do I get an admission card to attend the Annual Meeting?

If you are a stockholder of record, your admission card is attached to your proxy card. You will need to bring it with you to the Annual Meeting. If you own shares in street name, you will need to ask your broker or bank for an admission card in the form of a legal proxy. You will need to bring the legal proxy with you to the Annual Meeting. If you do not receive the legal proxy in time or you want to attend the Annual Meeting but not vote in person, bring your most recent brokerage statement or proof of ownership with you to the Annual Meeting. We can use that to verify your ownership of Common Stock and admit you to the Annual Meeting; however you will not be able to vote your shares at the Annual Meeting without a legal proxy. Please note that if you own shares in street name and you request a legal proxy, any previously executed proxy will be revoked, and your vote will not be counted unless you appear at the Annual Meeting and vote in person. You will also need to bring a photo ID to gain admission.

Who is soliciting my proxy and who pays the cost?

The Company and its Board of Directors are soliciting your proxy. Our directors, officers, and employees may solicit proxies by mail, telephone, and personal contact. They will not receive any additional compensation for these activities. The Company will also reimburse brokerage firms, banks, and other custodians for their reasonable out-of-pocket expenses for forwarding these proxy materials to you.

When are stockholder proposals due for next year's Annual Meeting?

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended ("Exchange Act") stockholders may present proper proposals for inclusion in the Company's Proxy Statement and for consideration at an Annual Meeting of Stockholders by submitting their proposals to the Company, not less than 120 calendar days before the release date of our Proxy Statement to stockholders in connection with our previous year's Annual Meeting. Therefore, proposals that stockholders wish to be included in next year's Proxy Statement for the Annual Meeting to be held in 2012 must be received at the Company's principal place of business at 1441 S.W. 29th Avenue, Pompano Beach, FL 33069, addressed to the Corporate Secretary's attention, no later than February 17, 2012. Upon receipt of any proposal, we will determine whether to include such proposal in accordance with regulations governing the solicitation of proxies. As of the date of this Proxy Statement, we had not received notice of any stockholder proposals for the 2011 Annual Meeting described herein.

How may I communicate with the Company's Board or the non-management Directors on the Company's Board?

You may contact any of our directors by writing to them c/o PetMed Express, Inc., 1441 S.W. 29th Avenue, Pompano Beach, FL 33069. Each communication should specify the applicable director or directors to be contacted as well as the general topic of the communication. We may initially receive and process communications before forwarding them to the applicable director. Concerns about accounting or auditing matters or communications intended for non-management directors should be sent to the attention of the Chair of the Audit Committee at the address above. Our directors may at any time review a log of all correspondence received by the Company that is addressed to the independent members of the Board and request copies of any such correspondence.

Can different stockholders sharing the same address receive only one Annual Report on Form 10-K and Proxy Statement?

Yes. The SEC permits companies and intermediaries, such as a brokerage firm or a bank, to satisfy the delivery requirements for Annual Reports and Proxy Statements with respect to two or more security holders sharing the same address by delivering only one Annual Report and Proxy Statement to that address. This process which is commonly referred to as "householding" can effectively reduce our printing and postage costs. Under householding, each stockholder would continue to receive a separate proxy card or voting instruction card.

Certain of our stockholders whose shares are held in street name and who have consented to householding will receive only one set of our Annual Meeting materials per household this year. If your household received a single set of our Annual Meeting materials this year, you can request to receive additional copies of these materials by calling or writing your broker, bank, or other nominee. If you own your shares in street name, you can request householding by calling or writing your broker, bank, or other nominee.

ITEM 1 - ELECTION OF DIRECTORS

The Board of Directors unanimously recommends a vote “FOR” the election of the following nominees for director:

Menderes Akdag, Frank J. Formica, Gian M. Fulgoni, Ronald J. Korn, and Robert C. Schweitzer

Our Board of Directors currently consists of five members. Each of our current directors was elected by our stockholders at the Annual Meeting of Stockholders in 2010. Our Board of Directors, upon the recommendation of the Corporate Governance and Nominating Committee, has nominated the five persons listed to stand for election for a new term. Each of the nominees listed is currently serving as a director. Each of the nominated directors has agreed to serve if elected. If elected the directors will serve until the next Annual Meeting of Stockholders or until the director is succeeded by another director who has been elected. However, if for some reason one or more of them is unable to accept nomination, or election, proxies will be voted for the election of a nominee(s) designated by our Board of Directors. Biographical information for each nominee for director is presented below.

The Board and the Corporate Governance and Nominating Committee believe that each of the director nominees possesses important experience and skills that provide the Board with an optimal balance of leadership, competencies, qualifications, and diversity in areas that are important to the Company. Each of the Company's director nominees has high ethical standards, acts with integrity and exercises careful, mature judgment. Each is committed to employing his skills and abilities to aid the long-term interests of our stockholders. In addition, our director nominees are knowledgeable and experienced in one or more business, governmental, or academic endeavors, which further qualifies them for service as members of the Board.

ITEM 2 - ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

The Board of Directors unanimously recommends a vote “FOR” the approval of executive compensation

The Dodd-Frank Wall Street Reform and Consumer Protection Act added Section 14A to the Exchange Act, which requires that we provide the Company's stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of the Company's named executive officers, as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC.

This vote is advisory, which means that the vote on executive compensation is not binding on the Company, the Company's Board of Directors or the Compensation Committee of the Board of Directors. The vote on this resolution is not intended to address any specific element of compensation, but rather relates to the overall compensation of the Company's named executive officers, as described in this Proxy Statement in accordance with the compensation disclosure rules of the SEC.

Accordingly, we ask the Company's stockholders to vote on the following resolution at the Annual Meeting:

“RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.”

**ITEM 3 - ADVISORY (NON-BINDING) VOTE ON THE FREQUENCY OF HOLDING
AN ADVISORY STOCKHOLDERS VOTE ON EXECUTIVE COMPENSATION**

The Board of Directors unanimously recommends a vote for the option of once every year on the frequency of holding an advisory stockholders vote on executive compensation

The Dodd-Frank Wall Street Reform and Consumer Protection Act added Section 14A to the Exchange Act, which requires that we provide the Company's stockholders with the opportunity to vote, on a non-binding, advisory basis, for their preference as to how frequently to vote on future advisory votes on the compensation of the Company's named executive officers as disclosed in accordance with the compensation disclosure rules of the SEC. Stockholders may indicate whether they would prefer that we conduct future advisory votes on executive compensation once every one, two, or three years. Stockholders also may abstain from casting a vote on this proposal.

The Board of Directors has determined that an advisory vote on executive compensation that occurs once every year is the most appropriate alternative for the Company and therefore the Board of Directors recommends that you vote for a one-year interval for the advisory vote on executive compensation. In determining to recommend that stockholders vote for a frequency of once every year, the Board of Directors considered how an advisory vote at this frequency will allow the Company's stockholders to evaluate the effectiveness of the Company's overall compensation philosophy, policies and practices in the context of the Company's business results for the corresponding period. An advisory vote occurring once every year will permit the Company's stockholders to observe and evaluate the impact of any changes to the Company's executive compensation policies and practices which have occurred since the last advisory vote on executive compensation, including changes made in response to the outcome of a prior advisory vote on executive compensation.

This vote is advisory, which means that the vote on executive compensation is not binding on the Company, the Board of Directors or the Compensation Committee of the Board of Directors. The proxy card provides stockholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstain from voting) and, therefore, stockholders will not be voting to approve or disapprove the recommendation of the Board of Directors.

**ITEM 4 - RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

The Board of Directors unanimously recommends a vote "FOR" the ratification of the appointment of McGladrey & Pullen, LLP as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2012.

The Audit Committee of our Board of Directors has appointed and approved McGladrey & Pullen, LLP to audit our fiscal year 2012 consolidated financial statements. McGladrey & Pullen, LLP (formerly Goldstein Golub Kessler LLP) has served us in this capacity since March 2001. Representatives of the firm may be available at the Annual Meeting to make a statement, if they choose, and to answer any questions you may have.

DIRECTOR QUALIFICATIONS AND DIVERSITY

There are certain minimum qualifications for Board membership that Director candidates should possess, including strong values and discipline, high ethical standards, a commitment to full participation on the Board and its Committees, and relevant experience. Also as set forth in the Corporate Governance and Nominating Committee Charter ("Charter"), "[d]iversity of race, ethnicity, gender and age are important factors in evaluating candidates for Board membership." The Charter thus provides that a commitment to diversity is a consideration in the identification and nomination of Director candidates. The Corporate Governance and Nominating Committee and the full Board implement and assess the effectiveness of these guidelines and the commitment to diversity by referring to the Charter in the review and discussion of Board candidates when assessing the composition of the Board.

On an annual basis, the Corporate Governance and Nominating Committee reviews its own performance, leads the Board in its annual review of the Board's performance, and reviews the Board structure to determine whether there is a need for an addition to the Board. In the event that either a vacancy on the Board occurs or the Corporate Governance and Nominating Committee determines that there is a need for an addition to the Board, as part of its authority and responsibilities as specified in its Charter, the Corporate Governance and Nominating Committee seeks individuals qualified to become Board members for recommendation to the Board, including evaluating persons suggested by stockholders or others.

The criteria for open Board positions, if any, includes, among others, the current composition of the Board, the range of talents, experiences, and skills that would best complement those already represented on the Board, the balance of management and independent directors, the need for financial or other specialized expertise, and a willingness and ability to devote adequate time to our Board's duties. The assessment of candidates includes a review of the nominee's judgment, experience, independence, possible conflicts of interest, understanding of the Company's or other related industries, and such other factors as the Corporate Governance and Nominating Committee concludes are pertinent in light of the current needs of the Board. The Corporate Governance and Nominating Committee then conducts appropriate inquiries into the backgrounds and qualifications of possible nominees in an effort to determine each proposed nominee's qualifications for service on the Board.

The Company ensures that its stockholders are fully apprised of the Corporate Governance and Nominating Committee's Policy with Regard to the Consideration of Director Candidate Recommendations by our Stockholders as well as the process for the Corporate Governance and Nominating Committee's Identification and Evaluation of Nominees for Directors (see p. 13). A copy of the Corporate Governance and Nominating Committee's Charter may be found in our 2004 Proxy which was filed on June 30, 2004. A copy is also available free of charge by contacting Investor Relations at 1-800-738-6337.

They collectively possess a variety of skills, professional experience, and diversity of backgrounds allowing them to effectively oversee the Company's business, and if elected, would constitute a balanced and multi-disciplinary Board composed of qualified individuals. MENDERES AKDAG, 50, Chief Executive Officer, President, Director

Mr. Akdag has served as the Company's Chief Executive Officer since March, 2001 and as President since August, 2005, and was appointed to the Board of Directors in November, 2002, bringing a breadth of experience in the areas of direct response marketing, operations, and finance. Mr. Akdag is also a member of the Company's Investment Committee.

Mr. Akdag has played a vital role in the continuing development and implementation of the Company's strategic business plan, leading the Company into its expansion into online retail sales and pursuing nationwide recognition of the Company's brand. At the time Mr. Akdag accepted the position as Chief Executive Officer, the Company had net operating losses and an accumulated deficit. Since he joined the Company, annual sales have increased from \$10 million to \$231.6 million, and the diluted earnings per share have increased, from a \$0.28 loss to \$0.92 earnings.

In 2009, Mr. Akdag was an Ernst & Young® Entrepreneur of the Year Florida Winner in the retail category as well as a national finalist. Recognized globally, the award honors the most outstanding entrepreneurs who inspire others with their vision, leadership and achievement. Mr. Akdag holds a Bachelor of Science degree in Business Administration with a major in finance from the University of Florida where he graduated with high honors.

Prior to joining PetMed Express, Mr. Akdag served as Chief Executive Officer of International Cosmetics Marketing Co. d/b/a Beverly Sassoon & Co., a publicly held (PS:SASN) direct sales company distributing skin care and nutritional products from November 2000 until March, 2001. From May 1991 until August 2000, Mr. Akdag was employed by Lens Express, Inc., a direct sales company distributing replacement contact lenses. While there, Mr. Akdag served as Chief Financial Officer from May 1991 until August 1992, as Chief Executive Officer from August 1992 until May 1996, and as President from May 1996 until August 2000. From May 1991 until May 1996, Mr. Akdag was also a member of the Board of Directors.

Mr. Akdag also serves on the Board of Directors of Medical Mobile Monitoring (Integrity Tracking LLC), a privately-held company in which he is a minority investor.

In mid-late 2004, six shareholder class action lawsuits were filed against the Company and Mr. Akdag as a controlling person (as well as another Officer of the Company and a Director who is no longer with the Company) for alleged violations of the federal securities laws. The Company and Mr. Akdag denied the allegations of wrongdoing in the lawsuit, pointing out that the Company had experienced substantial growth in both sales and profits during the period of time referenced in the suit as conceded in the lawsuits' allegations. The Company and Mr. Akdag contended that the class action lawsuits were frivolous, and on February 1, 2005, all six lawsuits were voluntarily dismissed by the plaintiffs without prejudice.

In November 2009, the Company filed suit against a competitor company and its President for breach of contract, trademark infringement, unfair competition, and related claims. In January, 2010 the defendants filed their Answer, Counterclaims, and Third-Party Complaint, naming Mr. Akdag, in his capacity as the Company's President and Chief Executive Officer, as a third-party defendant. In July, 2010, following mediation, a settlement was reached and the lawsuits were dismissed with prejudice.

Mr. Akdag's wide-ranging expertise in strategic planning, direct response marketing, operations and finance, and his leadership capabilities, are recognized as invaluable by the Board of Directors. As a member of the Board, Mr. Akdag is able to offer our Board of Directors critical insight into Company-specific issues, and to make very significant contributions to the Board's decision-making processes.

FRANK J. FORMICA, 67, Director, Chairman of the Corporate Governance and Nominating Committee

Board Leadership Structure and Board's Role in Risk Oversight

Our Board of Directors has determined that the separation of the offices of Chairman of the Board and Chief Executive Officer enhances Board independence and oversight. Moreover, the separation of the offices of the Chairman of the Board and Chief Executive Officer will allow the Chief Executive Officer to better focus on his responsibilities of running the Company, enhancing stockholder value and expanding and strengthening our business while allowing the Chairman of the Board to lead the Board in its fundamental role of providing advice to and independent oversight of management. Consistent with this determination, Robert C. Schweitzer serves as Chairman of the Board of Directors and is considered an independent director, and Menderes Akdag serves as our Chief Executive Officer.

Our Board of Directors, in conjunction with management, has responsibility for the oversight of risk management. Management is responsible for the day-to-day management of risks the Company faces, while the Board of Directors, as a whole and through its committees, provides risk oversight. The Board of Directors regularly and continually receives information intended to apprise the Board of the strategic, operational, commercial, financial, legal, and compliance risks the Company faces. While the Board of Directors is ultimately responsible for oversight of the Company's risk management practices, the Audit, Compensation, Corporate Governance and Nominating, and Investment Committees of the Board of Directors assist the Board in fulfilling its oversight responsibilities in certain areas of risk.

In particular, the Audit Committee focuses on financial risk, including but not limited to internal controls, and the Committee receives, reviews, and discusses regular reports from management and external auditors concerning risk assessment. Our Compensation Committee assists the board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. Our Corporate Governance and Nominating Committee focuses on the management of risks associated with board organization, membership, and structure, succession planning for our directors and executive officers, and corporate governance. Finally, our Investment Committee focuses on the management and risks of our financial investments.

THE REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing by us under the Securities Act of 1933, as amended, ("Securities Act") or the Exchange Act, except to the extent we specifically incorporate this Report by reference therein.

The Securities and Exchange Commission rules require us to include in this Proxy Statement a report from the Audit Committee of our Board of Directors. The following report concerns the Audit Committee's activities regarding oversight of our financial reporting and auditing process.

The Audit Committee is comprised solely of independent directors, and it operates under a written charter adopted by the Company's Board of Directors. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Audit Committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis.

As described more fully in its charter, the purpose of the Audit Committee is to assist the Board of Directors in the oversight of its financial reporting, internal control, and audit functions. Management is responsible for the preparation, presentation, and integrity of its consolidated financial statements, accounting and financial reporting principles, and internal controls and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. McGladrey & Pullen, LLP, the Company's independent registered public accounting firm, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm, nor can the Audit Committee certify that the independent registered public accounting firm is "independent" under applicable rules. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel, and direction to management and the independent registered public accounting firm on the basis of the information it receives, discussions with management and the independent registered public accounting firm, and the experience of the Audit Committee's members in business, financial, and accounting matters.

Among other matters, the Audit Committee monitors the activities and performance of the Company's independent registered public accounting firm, including the audit scope, external audit fees, registered public accounting firm independence matters, and the extent to which the independent registered public accounting firm may be retained to perform non-audit services. The Audit Committee and the Board of Directors have ultimate authority and responsibility to select, evaluate and, when appropriate, replace the independent registered public accounting firm.

The Audit Committee also reviews the results of the audit work with regard to the adequacy and appropriateness of financial, accounting, and internal controls. Management and independent registered public accounting firm presentations to and discussions with the Audit Committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent registered public accounting firm. In addition, the Audit Committee generally oversees internal compliance programs.

The Audit Committee has reviewed and discussed the Company's consolidated financial statements with management and the independent registered public accounting firm, management represented to the Audit Committee that its consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the independent registered public accounting firm represented that its presentations included the matters required to be discussed with the independent registered public accounting firm by Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees."

McGladrey & Pullen, LLP, the independent registered public accounting firm, also provided the Audit Committee with the written disclosures required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Audit Committee discussed with McGladrey & Pullen, LLP the firm's independence.

Following the Audit Committee's discussions with management and McGladrey & Pullen, LLP, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2011.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee of our Board of Directors, composed entirely of independent directors, administers our executive compensation program. The role of the Compensation Committee is to oversee the administration of the Company's compensation and benefit plans and policies, to review the compensation of the executive officer(s) and directors, to administer our stock plans, to prepare any report on executive compensation required by the rules and regulations of the Securities and Exchange Commission, and generally to provide assistance to the Board of Directors on compensation matters.

The following discussion and analysis of compensation arrangements of our named executive officers should be read together with the compensation tables and related disclosures set forth elsewhere in this Proxy Statement. Our named executive officers for the year ended March 31, 2011 are Menderes Akdag and Bruce S. Rosenbloom. This discussion contains forward-looking statements that are based on our current plans and expectations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Compensation Philosophy

The objective of our compensation programs, as it has been in prior years, is to attract and retain top talent. Our compensation plans are designed to motivate and reward employees for achievement of positive corporate results and also to promote and enforce accountability. In determining the compensation arrangement of our executives, we are guided by the following key principles:

- *Attract and Retain Top Talent.* Our compensation arrangements should be sufficient to allow us to attract, retain, and motivate executives with the necessary skills and talent to successfully manage our business. In order to attract, retain, and motivate such executives, we seek to compensate our executives at levels that are consistent with or more attractive than other available opportunities in the respective executive's marketplace.
- *Promote Corporate Performance Accountability.* So that executive compensation is aligned with our business objectives and corporate performance, compensation is tied, in part, to financial performance of our business so that executives are held accountable

through their compensation for contributions to our performance as a whole through the performance of the tasks for which they are responsible.

- *Promote Individual Performance Accountability.* So that executive officers who contribute to our operating and financial performance are rewarded and motivated, compensation is tied, in part, to the individual executive's performance to encourage and reflect individual contributions to corporate performance. Individual performance, as well as performance of the business, and responsibility areas that an individual oversees, are factors in assessing a particular individual's performance.
- *Align Stockholder Interests.* Compensation should be tied, in part, to our financial performance through the grant of long-term incentives under our stock plans, which help to align our executives' interests with those of our stockholders.

The Compensation Committee believes that our compensation programs should include short-term and long-term components, including cash and equity-based compensation, and should reward performance as measured against established goals. The Compensation Committee considers the total current and potential long-term compensation of each of our executive officers in establishing each element of compensation.

The Compensation Committee reviews and recommends to the full Board of Directors the total compensation to be paid to our chief executive officer and president, in advance of the expiration of his three-year term Executive Employment Agreements. The Compensation Committee reviews and recommends to the full Board of Directors on an annual basis, the long-term incentives to be awarded to other executive officers and key employees.

As part of this process, the Compensation Committee reviews benchmarking of the aggregate level of executive compensation, as well as the mix of elements used to compensate the executive officers. In addition, the Compensation Committee has historically taken into account publicly available data relating to the compensation practices and policies of other companies within and outside our industry. While benchmarking may not always be appropriate as a stand-alone tool for setting compensation due to the aspects of our business and objectives that may be unique to us, the Compensation Committee generally believes that gathering this information is an important part of our compensation-related decision-making process.

At the request of the Compensation Committee, a compensation benchmarking analysis had been conducted to assist in the determination of appropriate executive compensation for fiscal 2007 and fiscal 2008, and was updated in fiscal 2010. Two groups of peer companies were researched in fiscal 2010: comparable companies located in South Florida and other Catalog/Direct Mail Retailers (based on the nature of the Company's business).

Below is a list of each group:

- South Florida Companies: National Beverage Corp., Geo Group Inc., Perry Ellis International Inc., Bluegreen Corp., Eclipsys Corp., Beasley Broadcast Group Inc., Terremark Worldwide, Tradestation Group, and Home Diagnostics.
- Catalog/Direct Mail Retailers: Drugstore.com Inc., 1-800-Flowers.com Inc., Blue Nile, Inc., Overstock.com Inc., and Nutrisystem.

The information gathered about the peer companies was as follows: market capitalization, annual revenue, and annual earnings per share. The specific mix of elements of compensation that were benchmarked included: annual salary, bonuses, and stock based compensation (which included both stock options and restricted stock). Averages of each of the above categories were calculated. Our Company's data was then compared to the averages of the comparable companies' data. Based on the results of the above 2007 benchmarking study the Chief Executive Officer's ("CEO") salary, pursuant to entering into a three-year employment agreement, was increased in March 2007 from \$250,000 to \$450,000, and the Chief Financial Officer's ("CFO") salary was increased in June 2007 from \$147,940 to \$200,200. An average ratio, which was approximately 60% of the peer group average, was determined by the Board based on the collected data and that ratio was applied to determine a guideline for executive compensation for both the CEO and the CFO. Based on the results of the above 2010 benchmarking

study the CEO's salary was increased in March 2010 from \$450,000 to \$550,000 for each year under his three-year employment agreement, expiring in March 2013.

While it has not yet done so, in the future the Compensation Committee may retain the services of third-party executive compensation specialists from time to time, as it sees fit, in connection with the establishment of cash and equity compensation and related policies.

The chief executive officer evaluates the performance of other executive officers and key employees on an annual basis and makes recommendations to the Compensation Committee with respect to grants pursuant to the Company's Employee Equity Restricted Stock Plan.

Application of our Philosophy

Our executive compensation program aims to encourage our management team to continually pursue our strategic opportunities while effectively managing the risks and challenges inherent to our business. Specifically, we have created an executive compensation package that we believe balances a short-term component (annual cash compensation), specifically, base salary, and a long-term component, specifically, stock options or restricted stock.

We believe that these components are appropriate to provide incentives to our senior management and reward them for achieving the following goals:

- develop a culture that embodies a passion for our company, creative contribution, and a drive to achieve established goals and objectives;
- provide leadership to the company in such a way as to maximize the results of our business operations;
- lead us by demonstrating forward thinking in the operation, development, and expansion of our company;
- effectively manage organizational resources to derive the greatest value possible from each dollar invested; and
- take strategic advantage of the market opportunity to expand and grow our business.

Our executive compensation structure aims not only to compensate top talent at levels that our board of directors believes are consistent with or more attractive than other opportunities in an executive's marketplace, but also to be fair relative to compensation paid to other professionals within our organization, relative to our short- and long-term performance results and relative to the value we deliver to our stockholders. We seek to maintain a performance-oriented culture with a compensation approach that rewards our executive officers when we achieve our goals and objectives, while putting at risk an appropriate portion of their compensation against the possibility that our goals and objectives may not be achieved. Overall, our approach is designed to relate the compensation of our executive officers to: the achievement of short- and long-term goals and objectives; their willingness to challenge and improve existing policies and structures; and their capability to take advantage of unique opportunities and overcome difficult challenges within our business.

Components of our Executive Compensation Program

Annual Cash Compensation - Base Salary

The purpose of base salary is to create a secure base of cash compensation for executives that is competitive with the market. Executives' salary increases do not follow a preset schedule or formula; however, the following is considered when determining appropriate salary levels and increases: the individual's current and sustained performance results and the methods utilized to achieve such results; and non-financial performance indicators to include strategic developments for which an executive has responsibility and managerial performance.

The Committee exercises discretion in making salary decisions taking into account, among other things, each individual's performance and the Company's overall performance. With regard to individual performance of executive officers other than the Chief Executive Officer, the Committee relies to a large extent on the Chief Executive Officer's evaluations of each individual executive officer's performance.

Long-Term Incentive Compensation

Long-Term Incentives. Prior to July, 2006, our long-term incentives were primarily in the form of stock option awards. The purpose of stock options was to provide equity compensation whose value was directly related to the creation of share-owner value. Grant levels were determined based on individual performance and potential, history of past grants, time in current job, and level of, or significant changes in, responsibility. Stock options provided a vehicle to increase equity ownership and share in the appreciation of the value of Company stock. Stock option grants were made pursuant to our 1998 Stock Plan. The Option Plan expired on July 31, 2008, and as of March 31, 2011, all outstanding options had been exercised.

At the Annual Meeting of the Company's stockholders held on July 28, 2006, both the PetMed Express, Inc. 2006 Employee Equity Compensation Restricted Stock Plan (the "Employee Plan") and the PetMed Express, Inc. 2006 Outside Director Equity Compensation Restricted Stock Plan (the "Director Plan") were approved by the stockholders. See "Director Compensation" for a detailed description of the Employee Plan and Director Plan.

The purpose of the Employee Plan is to promote the interests of the Company by securing and retaining employees of outstanding ability and to provide additional motivation to such employees to exert their best efforts on behalf of the Company. The Company expects that it will benefit from the added commitment that such employees will have in the welfare of the Company as a result of their ownership or increased ownership of the Company's Common Stock. All full-time employees are eligible to receive awards under the Plan, which consist of grants of Restricted Stock. Awards may be made under the Plan until July 28, 2016.

The purpose of the Director Plan is to promote the interests of the Company by attracting, retaining, and compensating highly qualified individuals who are not employees or affiliates of PetMed Express, Inc. or any of its subsidiaries, to serve as members of the Company's Board of Directors, and to enable them to increase their ownership of PetMed Express, Inc.'s Common Stock, thereby increasing their proprietary interest in PetMed Express, Inc. and their identification with the interests of PetMed Express, Inc.'s stockholders. Awards may be made under the Director Plan until July 28, 2016.

Perquisites and Other Compensation Benefits. Consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our executive officers, which are also generally available to employees, including medical, dental, and 401(k) matching contributions. In general, we do not view perquisites as a significant component of our executive compensation structure; however, the Compensation Committee in its discretion may revise, amend, or add to officer(s)' executive benefits.

EXECUTIVE COMPENSATION

On an annual basis, a forecast (budget) is presented to the Board of Directors, and this annual forecast is discussed and must be approved by the Board. The annual forecast serves as a baseline for the Company's performance goals, including those of the executive officers.

The CEO's annual compensation package is comprised of salary and stock based compensation determined by the Compensation Committee of the Board of Directors. When the CEO's then existing contract that was expiring in 2007, was due for renewal, the Compensation Committee conducted the previously discussed review of benchmarking data, which included comparable performing companies, and developed a contract renewal that was both fair to our Company and that would recognize our CEO's significant contribution to the success of our Company. The same process was followed for the renewal of the CEO's contract in March, 2010, based on the review of an updated benchmarking analysis, which again included comparable performing companies. The Compensation Committee also reviewed the compensation portions of the CEO's initial contract, and then-existing contract entered into in 2007 and the Company's performance during the CEO's tenure. During the term of the CEO's then-existing contract, the Company's sales increased 18%, 16%, and 17% in fiscal 2007, 2008, and 2009, respectively, and earnings per share increased 20%, 39%, and 19% in fiscal 2007, 2008, and 2009, respectively. Thus, it was determined that these financial results exceeded the Compensation Committee's overall expectations. Based on the results of the above benchmarking study the CEO's salary was increased in March 2010 from \$450,000 to \$550,000 for each year under his three-year employment agreement, expiring in March 2013.

The CFO's annual compensation package is comprised of salary, bonus (if awarded in a particular fiscal year), and stock based compensation. The package is determined preliminarily by the Company's Chief Executive Officer, and as of June 2007 the CFO's annual compensation package was increased to make it comparable to the packages as benchmarked (discussed previously). Currently on an annual basis, the CEO together with the CFO determines performance-based goals for the CFO at the beginning of the fiscal year. For fiscal 2010, the CFO's goals, on a percentage basis, included: Net Revenue (20%), Operating Profit (20%), Qualitative Review (20%), with all three - "the higher the better," and General and Administrative Expenses as a Percentage of Sales (20%) and Fulfillment Cost per Order (20%) –"the lower the better." The goals of Net Revenue and Operating Profit are company-wide goals and the criteria are based annually on the board-approved forecast (budget). The Qualitative Review is also a company-wide "goal" and is based on a self assessment with respect to the following criteria: Work Product (Quality, Consistency, Timeliness, Initiative, Adaptability, and Resourcefulness); Personal Integrity; Work Ethics; and Focus/Interpersonal Skills. The goal of minimizing the General and Administrative Expenses as a percentage of sales and Fulfillment Cost per Order criteria is based on the board-approved forecast (budget).

The evaluation method used provides planned objectives that can be determined quantitatively on a scale of 1 to 5, apportioning weight to each goal as a percentage (totaling 100%) and based on the final ratings, awarding a percentage increase in salary, at a previously predetermined amount. For example a rating of a 3 is meeting the predetermined goal. With respect to the CFO's annual compensation package for the fiscal year ended March 31, 2011, the below chart reflects his fiscal 2010 goals, which was the basis for the fiscal 2011 compensation, and the weight placed and rating received on each goal. The total represents the weight multiplied by the rating. The CFO's overall total rating was 2.61.

Goal	Budget	Actual	Weight	Rating	Total
Net Revenue (in millions)	\$251.0	\$238.3	20%	1.00	0.20
Operating Profit (in millions)	\$40.0	\$40.5	20%	3.33	0.67
General & Administrative Expenses as a percentage of sales	9.5%	9.4%	20%	3.40	0.68
Fulfillment Cost per Order	\$0.37	\$0.38	20%	2.00	0.40
Qualitative Review	3.00	3.30	20%	3.30	0.66
Total					2.61

With respect to the CFO's annual compensation package, for the fiscal year ended March 31, 2010, a total rating of 1 earned no raise; a total rating of 2 earned a 4.0% raise; a total rating of 3 earned a 6.0% raise; a total rating of 4 earned a 9.0% raise; and a total rating of 5 earned a 12.0% raise. Based on the above-indicated total of 2.61, the CFO earned a 5.2% raise in annual salary for the fiscal year ended March 31, 2011.

Stock based compensation is also determined based on the above performance criteria. With respect to the CFO's annual stock based compensation for the fiscal year ended March 31, 2011, he was awarded 10,000 restricted stock shares, an 11% increase based on the above qualitative review rating of a 3.30. A predetermined scale was set in advance and any rating between 4 and 5 points earned up to a 15% increase, between 3 and 4 points earned up to a 12% increase, and 3 points or less earned no increase.

The CFO's compensation for fiscal year 2012 will be based on the following fiscal 2011 goals, on a percentage basis: Net Revenue (20%), Operating Profit (20%), Qualitative Review (20%), Internal Process Improvement Goal (15%), with all four - "the higher the better," and General and Administrative Expenses as a Percentage of Sales (10%) and Cost per Order (15%) –"the lower the better." The goals of Net Revenue and Operating Profit are company-wide goals and the criteria are based annually on the board-approved forecast (budget). The Qualitative Review is also a company-wide "goal" and is based on the following criteria: Work Product (Quality, Consistency, Timeliness, Initiative, Adaptability, and Resourcefulness); Personal Integrity; Work Ethics; and Focus/Interpersonal Skills. The goal of minimizing the General and Administrative Expenses as a percentage of sales and Cost per Order criteria is based on the board-approved forecast (budget), and the Process Improvement Goal is based on improvements from the prior year result.

Similar to fiscal 2011, the method used provides planned objectives that can be determined quantitatively on a scale of 1 to 5, apportioning weight to each goal as a percentage (totaling 100%) and based on the final ratings, awarding a percentage increase in salary, at a previously predetermined amount. For example a rating of a 3 is meeting the predetermined goal. With respect to the CFO's annual compensation package, for the fiscal year ended March 31, 2011, a total rating of 1 earned no raise; a total rating of 2 earned a 4.0% raise; a total rating of 3 earned a 6.0% raise; a total rating of 4 earned a 9.0% raise; and a total rating of 5 earned a 12.0% raise.

In previous fiscal years, an annual bonus was based on a company-wide goal determined by management. A minimum bonus was determined and the bonus pool would increase depending on exceeding the goal. This bonus pool was then distributed to all employees, except for the Chief Executive Officer. The distribution amount was based on position and time of service. In fiscal 2011, management did not receive a bonus; only hourly employees received a bonus.

The following table sets forth certain summary information concerning compensation paid or accrued by the Company to or on behalf of the Company's Chief Executive Officer and President, and Chief Financial Officer ("Named Executive Officers") for the fiscal years ended March 31, 2011, 2010, and 2009.

Potential Payments on Termination and/or Change in Control

This section describes the payment that may be made to Mr. Akdag upon Termination or Change in Control, (as both are described in his original Employment Agreement) pursuant to the original Employment Agreement and Amendments thereto, and to Bruce S. Rosenbloom, Chief Financial Officer pursuant to conditions of his employment letter dated May 30, 2001.

The Company can terminate the employment of Mr. Akdag either upon mutual consent, for cause, or without cause. If the Company should terminate Mr. Akdag's agreement for cause, or if Mr. Akdag should terminate the agreement without "good reason" as described in the employment agreement, no severance benefits would be paid. If the Company should terminate Mr. Akdag's agreement without cause, the Company would be required to give Mr. Akdag three months' notice and continue to compensate him under the terms of this employment agreement during those three months. At the end of the three-month period, the Company would have to pay Mr. Akdag severance benefits equal to his annual base salary (\$550,000), and any previously granted but unvested restricted stock awards would immediately vest. The agreement can be terminated upon the mutual consent of the parties, or upon 90 days' notice by the Company during which time the Company would continue to compensate Mr. Akdag under the terms of his employment agreement.

In the event that a Change in Control of the Company shall occur at any time during Mr. Akdag's employment, he shall have the right to terminate his employment upon 30 days written notice given at any time within one (1) year after the occurrence of such event, and such termination of his employment due to a Change in Control shall be deemed to be a Termination by the Company Other than for Cause and the Company would be required to give Mr. Akdag three months' notice and continue to compensate him under the terms of this employment agreement during those three months. At the end of the three-month period, the Company would have to pay Mr. Akdag severance benefits equal to his annual base salary (potential severance payment of \$550,000), and any previously granted but unvested restricted stock awards would immediately vest.

The Company can terminate the employment of Mr. Rosenbloom either upon mutual consent, for cause, or without cause. If the Company should terminate Mr. Rosenbloom's employment without cause, the Company would be required to give Mr. Rosenbloom three months' severance pay at his base salary (potential severance payment of \$64,025), at the time of termination.

Non-Compete and Non-Disclosure Agreements

In 2001, both Mr. Akdag and Mr. Rosenbloom signed the PetMed Express, Inc. Non-Compete and Non-Disclosure Agreement. Each executive agreed to keep in confidence any and all information the executive becomes aware of or learns or to which he has access during his employment with the Company which has not been publicly disclosed and is not a matter of common knowledge, both during and after their employment. Each executive also agreed that upon termination of employment, each will not, for a period of two (2) years after such termination, either directly or indirectly, as principal or agent, individually or as member of a partnership, or as an officer, director, shareholder or employee of any other corporation, or in any other capacity, solicit or accept any employment, or do business, in the United States in the field in which the Company does business, as the business is defined in the Agreement.

In July 2006, August 2007, August 2008, July 2009, and July 2010, each director not employed by the Company was granted 5,000, 6,000, 6,000, 6,000, and 7,500 shares of restricted stock, respectively, in accordance with the Company's 2006 Outside Director Equity Compensation Restricted Stock Plan. The Company also pays the reasonable travel and accommodation expenses of directors in connection with their participation in meetings of the Board of Directors.

The following table summarizes the compensation earned by and paid to the Company's non-employee directors for the fiscal year ended March 31, 2011:

1998 Stock Option Plan

The Company established the 1998 Stock Option Plan (the "Option Plan") effective July 31, 1998, which provided for the issuance of qualified options to officers and key employees, and nonqualified options to directors, consultants, and other service providers. The Company had reserved 5,000,000 shares of common stock for issuance under the Option Plan. The exercise prices of options issued under the Option Plan had to be equal to or greater than the market price of the Company's common stock as of the date of issuance. The Option Plan expired on July 31, 2008. As of March 31, 2011, all outstanding options had been exercised under the Option Plan.

2006 Restricted Stock Plans

At the Annual Meeting of the Company's stockholders held on July 28, 2006, both the PetMed Express, Inc. 2006 Employee Equity Compensation Restricted Stock Plan and the PetMed Express, Inc. 2006 Outside Director Equity Compensation Restricted Stock Plan were approved by the stockholders.

The purpose of the Employee Plan is to promote the interests of the Company by securing and retaining employees of outstanding ability and to provide additional motivation to such employees to exert their best efforts on behalf of the Company. The Company expects that it will benefit from the added commitment which such employees will have in the welfare of the Company as a result of their ownership or increased ownership of the Company's Common Stock. All employees will be eligible to receive awards under the Plan, which consist of grants of Restricted Stock. Awards may be made under the Plan until July 28, 2016, and the maximum number of shares of Common Stock that may be awarded pursuant to the Employee Plan shall not in the aggregate exceed 1,000,000 shares. At March 31, 2011, the Company had 481,227 restricted common shares issued under the Employee Plan, all shares of which were issued subject to a restriction or forfeiture period which will lapse ratably on the first, second, and third anniversaries of the date of grant, and the fair value of which is being amortized over the three-year restriction period.

The purpose of the Director Plan is to promote the interests of the Company by attracting, retaining, and compensating highly qualified individuals who are not employees or affiliates of PetMed Express, Inc. or any of its subsidiaries, to serve as members of the Company's Board of Directors, and to enable them to increase their ownership of PetMed Express, Inc.'s Common Stock, thereby increasing their proprietary interest in PetMed Express, Inc. and their identification with the interests of PetMed Express, Inc.'s stockholders. Awards may be made under the Director Plan until July 28, 2016, and the maximum number of shares of Common Stock that may be awarded under the Director Plan shall not in the aggregate exceed 200,000 shares. At March 31, 2011, the Company had 122,000 restricted common shares issued under the Director Plan, all shares of which were issued subject to a restriction or forfeiture period which will lapse ratably on the first, second, and third anniversaries of the date of grant, and the fair value of which is being amortized over the three-year restriction period.

Administration of Plans

The Employee Plan is administered by the Company's Compensation Committee, which has the sole authority to (i) designate participants in the Plan, (ii) determine the number of shares to be covered by grants under the Plan, (iii) determine the terms and conditions of any grant under the Plan, (iv) interpret and administer the Plan, (v) establish, amend, suspend or waive rules and guidelines and appoint such agents as it deems appropriate for the administration of the Plan, and (vi) make any other determination and take any other action that it deems necessary or desirable for administration of the Plan.

The Director Plan is administered by the Company's Board of Directors, which has the sole authority to (i) grant shares under the Plan, (ii) interpret and administer the Plan, (iii) determine the terms and conditions of any grant under the Plan, (iv) establish, amend, suspend or waive rules and guidelines and appoint such agents as it deems appropriate for the administration of the Plan, and (v) make any other determination and take any other action that it deems necessary or desirable for administration of the Plan.

Awards and Vesting

The Compensation Committee has the authority to grant to Employee Plan participants awards of restricted stock that will be subject to such conditions, restrictions and contingencies as the Compensation Committee may impose.

Pursuant to the Employee Plan, the minimum restricted period applicable to certain grants of restricted stock will be one year and the maximum restricted period will be ten years. Such restricted period would terminate under the following circumstances: the participant's total and permanent disability or the participant's death.

Except as otherwise determined by the Compensation Committee, upon termination of employment for any reason during the applicable restriction period, all shares subject to restrictions granted under the Employee Plan will be forfeited and reacquired by the company.

The Board of Directors has the authority to grant to Director Plan participants awards of restricted stock.

Pursuant to the Director Plan, the minimum restricted period applicable to certain grants of restricted stock will be one year and the maximum restricted period will be ten years. Such restricted period would terminate under the following circumstances: the participant's total and permanent disability or the participant's death.

Except as otherwise determined by the Board of Directors, if a participant shall cease to serve as an independent (outside) director for any reason during the applicable restriction period, all shares subject to restrictions granted under the Director Plan will be forfeited and reacquired by the company.

Pursuant to the Director Plan, each person who is an independent director, following an Annual Meeting of Stockholders each year will automatically be granted an award of 5,000 shares of Common Stock (subject to change with Board approval). The award amount was changed from 5,000 to 6,000 shares in August, 2007 and to 7,500 shares in July, 2010. The Grant Date with respect to each such award will be the date on which the award is granted.

Escrow of Stock Certificates

Certificates representing the Restricted Stock will be registered in the name of the participant, bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such shares, and PetMed Express, Inc. shall retain physical possession of the certificate in escrow until all restrictions have been lifted or requirements met.

Rights with Respect to Shares

During the period in which any shares of restricted stock granted under the Employee Plan or Director Plan are subject to any restrictions, the participant to whom such shares have been awarded will have all the rights of a shareholder with respect to such shares, including the right to vote such shares or the right to receive dividends on such shares.

Restrictions and Adjustments

Restricted stock grants under the Employee Plan and Director Plan may not be assigned, transferred or pledged by the participant, other than by will or the laws of descent and distribution (unless assigned or transferred to the company) prior to the time at which all applicable restrictions imposed under the terms of the relevant award have expired, lapsed, or have been waived or satisfied.

In the event of any change in the Company's common stock by reason of recapitalization, merger, consolidation, combination or exchange of shares, split-up, split-off, spin-off, liquidation or other similar change in capitalization, (i) the numbers and class of shares covered by outstanding awards under the Employee Plan and Director Plan, and (ii) the aggregate number and class of shares available under the Employee Plan and Director Plan, would be adjusted by the Compensation Committee or Board of Directors, respectively. Any new, additional or different securities to which the participant is entitled with respect to an award by reason of such adjustment shall be deemed to be restricted stock and shall be subject to the same terms, conditions, and restrictions as the award so adjusted.

Change in Control

Pursuant to the Employee Plan and Director Plan, unless an award agreement expressly provides otherwise, upon the effective date of a “change in control” of the company, any restricted period imposed on an award would immediately terminate. For purposes of the Employee Plan and Director Plan, a “change in control” means the happening of any of the following events:

- any individual, entity or group becomes the owner of 20% or more of the Company’s outstanding common shares;
- there occurs within any period of two consecutive years any change in the directors of the Company such that the members of the Company’s Board of Directors prior to such change do not constitute a majority of the directors after giving effect to all changes during such two-year period unless the election, or the nomination for election by the Company’s stockholders, of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period;
- the Company is merged, consolidated or reorganized into or with, or sells all or substantially all of its assets to, another company or other entity, and immediately after such transaction less than 80% of the voting power of the then-outstanding securities of such company or other entity immediately after such transaction is held in the aggregate by holders of the Company’s Common Stock immediately before such transaction.

Amendment or Termination of Plan; Amendments to Awards

The Employee Plan may be amended, suspended, discontinued, or terminated by the Compensation Committee without the consent of any shareholder, plan participant, or other holder of an award under the plan, and the Director Plan may be amended, suspended, discontinued, or terminated by the Board of Directors without the consent of any shareholder, plan participant, or other holder of an award under the plan. However, without the approval of shareholders, no such amendment, suspension, discontinuation or termination may be made that would increase the total number of shares available for awards under the plans, extend the duration of the plans, or materially increase the benefits accruing to participants under the plans.
