PROXY STATEMENT

This Proxy Statement contains information relating to the solicitation of proxies by the Board of Directors of PetMed Express, Inc. (the "Company") for use at our 2009 Annual Meeting of Stockholders. Our Annual Meeting will be held on Friday, July 31, 2009, at 1:00 p.m., Eastern Time, at the Sheraton Suites Cypress Creek Fort Lauderdale, 555 N.W. 62nd Street, Fort Lauderdale, FL 33309.

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

What am I voting on?

- To elect five directors to our Board of Directors (Menderes Akdag, Frank J. Formica, Gian M. Fulgoni, Ronald J. Korn, Robert C. Schweitzer).
- To ratify the appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm.

What is a proxy?

It is your legal designation of another person to vote the stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. We have designated Bruce S. Rosenbloom, our Chief Financial Officer and Alison Berges, our Corporate Secretary and General Counsel, as proxies for the 2009 Annual Meeting of Stockholders.

How will my proxy vote my shares?

Your proxy will vote according to your instructions. If you complete your proxy instructions but do not indicate your vote on one or all of the business matters, your proxy will vote "FOR" these items. Also, your proxy is authorized to vote on any other business that properly comes before the Annual Meeting in accordance with the recommendation of our Board of Directors.

Why did I receive this Proxy Statement?

Our Board of Directors is soliciting your proxy to vote at the Annual Meeting because you were a stockholder of record at the close of business on June 5, 2009, the record date, and are entitled to vote at the meeting. The Company has made this Proxy Statement and the 2009 Annual Report to Stockholders on Form 10-K, along with either a proxy card or a voting instruction card, available to you on the Internet or, upon request, has delivered printed versions to you by mail beginning on or about June 19, 2009. This Proxy Statement summarizes the information you need to know to vote at the Annual Meeting. You do not need to attend the Annual Meeting to vote your shares.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

As permitted by the rules adopted by the Securities and Exchange Commission ("SEC"), the Company has elected to provide access to its proxy materials over the Internet. Accordingly, on June 19, 2009, the Company will mail a Notice of Internet Availability of Proxy Materials (the "Notice") to the Company's shareholders of record and beneficial owners containing instructions on how to access the proxy materials on the website referred to in the Notice or to request to receive a printed set of the proxy materials. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The Company encourages you to take advantage of the availability of the proxy materials on the Internet in order to help reduce the environmental impact of the Annual Meeting.

How can I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to:

- view the Company's proxy materials for the Annual Meeting on the Internet; and
- instruct the Company to send future proxy materials to you electronically by email.

The Company's proxy materials are also available on the Company's website at www.1800petmeds.com/annualreports.jsp. Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to you and will reduce the impact of the Company's annual meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, you are considered, with respect to those shares, the "stockholder of record." The Proxy Statement, 2009 Annual Report on Form 10-K, and proxy card have been sent directly to you by us.

If your shares are held in a stock brokerage account by a bank or other nominee, you are considered the "beneficial owner" of shares held in "street name." The Proxy Statement and 2009 Annual Report on Form 10-K or a notice for electronic access of these materials have been forwarded to you by your broker, bank or other nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting.

How do I vote?

If your shares are held in street name, through a broker, bank or other nominee, that institution will send you separate instructions describing the procedure for voting your shares. Stockholders of record can vote as follows:

- *By Mail:* If you requested printed copies of the proxy materials by mail, stockholders should sign, date and return their proxy cards in the pre-addressed, postage-paid envelope that is provided.
- *By Telephone or Internet:* Stockholders may vote by proxy over the Internet or telephone by following the instructions provided in the Notice of Internet Availability of Proxy Materials. Street name holders, however, may vote by telephone or Internet only if their bank or broker makes those methods available, in which case the bank or broker will enclose the instructions with the proxy materials. The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to vote their shares, and to confirm that their instructions have been properly recorded.
- *At the Meeting:* If you are a stockholder of record and attend the Annual Meeting, you may vote in person by ballot, even if you have previously returned a proxy card. If you are a beneficial owner of shares held in street name and you wish to vote in person at the Annual Meeting, you must obtain a valid proxy from the organization that holds your shares. If you do not obtain a valid proxy from your bank or broker, you will not be entitled to vote your shares, but you can still attend the 2009 annual meeting if you bring a recent bank or brokerage statement showing that you were the beneficial owner of the shares on June 5, 2009, the Record Date for voting.

Who is entitled to vote and how many votes do they have?

Holders of our common stock as of the close of business on June 5, 2009, the record date, are entitled to vote at the Annual Meeting. Each issued and outstanding share of our Common Stock is entitled to one vote. As of the record date, 22,722,803 shares of our Common Stock were outstanding and entitled to vote at the Annual Meeting.

However, if you have shares held through a brokerage firm, bank or other custodian, you may revoke your instructions only by informing the custodian in accordance with any procedures it has established.

What is a quorum of stockholders?

Shares representing the majority of the total outstanding votes present or represented by proxy constitute a quorum. If you vote or return a proxy card, your shares will be considered part of the quorum.

What vote is required for approval of the proposals?

At the Annual Meeting, directors will be elected by a plurality of votes cast. Only votes cast “FOR” or “AGAINST” will affect the outcome of this proposal. Therefore, the five directors who receive the greatest number of votes cast “FOR” the election of directors will be elected to serve as directors.

Ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the shares of our common stock present at the Annual Meeting in person or by proxy and entitled to vote on the matter.

How does the Board recommend I vote on the proposals?

The Board recommends that you vote:

- FOR each of the nominees for director set forth on page 6.
- FOR the ratification of the appointment of our independent registered public accounting firm set forth on page 6.

May I change my vote after I return my proxy card?

Yes, you may change your vote at any time before your shares are voted at the Annual Meeting by:

- Notifying our Corporate Secretary, in writing at PetMed Express, Inc., 1441 S.W. 29th Avenue, Pompano Beach, FL 33069 that you are revoking your proxy;
- Executing and delivering a later dated proxy card; or
- Voting in person at the Annual Meeting.

How are abstentions and broker non-votes counted?

Abstentions are considered shares present at the Annual Meeting in person or by proxy, and will be counted for purposes of determining whether a quorum is present. Abstentions will have no effect on the election of directors, but will have the effect of a vote “AGAINST” ratification of the appointment of our independent registered public accounting firm.

Broker non-votes refer to PetMed Express, Inc.’s shares held in street name by a brokerage firm or nominee (such as Cede & Co.) under circumstances where the beneficial owner has not instructed the broker or nominee as to how the shares should be voted. Broker non-votes are considered present by proxy for purposes of determining whether a quorum is present at the meeting. If your shares are held in street name, the broker or nominee in whose name your shares are held is permitted to vote your shares on the matters to be voted upon at the Annual Meeting, even if you have not provided specific direction on how your shares should be voted.

Who will count the votes and where can I find the voting results of the Annual Meeting?

A representative of Continental Stock Transfer & Trust Company, a company contracted by us to assist the Company in the tabulation of proxies, and our Corporate Secretary and General Counsel, Alison Berges, will tabulate the votes and act as inspector of election. The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the inspector of election and published in the Company's Quarterly Report on Form 10-Q for the fiscal quarter ending on June 30, 2009, which the Company is required to file with the SEC by August 9, 2009.

What happens if a nominee for director is unable to serve as a director?

If any of the nominees becomes unavailable for election, which we do not expect, votes will be cast for such substitute nominee or nominees as may be designated by our Board of Directors, unless our Board of Directors reduces the number of directors. Under the policies of our Board of Directors, directors are expected to attend regular board meetings, board committee meetings and our annual stockholders meeting.

How do I get an admission card to attend the Annual Meeting?

If you are a stockholder of record, your admission card is attached to your proxy card. You will need to bring it with you to the meeting. If you own shares in street name, you will need to ask your broker or bank for an admission card in the form of a legal proxy. You will need to bring the legal proxy with you to the meeting. If you do not receive the legal proxy in time or you want to attend the meeting but not vote in person, bring your most recent brokerage statement or proof of ownership with you to the meeting. We can use that to verify your ownership of Common Stock and admit you to the meeting; however you will not be able to vote your shares at the meeting without a legal proxy. Please note that if you own shares in street name and you request a legal proxy, any previously executed proxy will be revoked, and your vote will not be counted unless you appear at the meeting and vote in person. You will also need to bring a photo ID to gain admission.

Who is soliciting my proxy and who pays the cost?

The Company and its Board of Directors are soliciting your proxy. Our directors, officers, and employees may solicit proxies by mail, telephone and personal contact. They will not receive any additional compensation for these activities. The Company will also reimburse brokerage firms, banks and other custodians for their reasonable out-of-pocket expenses for forwarding these proxy materials to you.

When are stockholder proposals due for next year's Annual Meeting?

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended ("Exchange Act") stockholders may present proper proposals for inclusion in the Company's Proxy Statement and for consideration at an Annual Meeting of Stockholders by submitting their proposals to the Company, not less than 120 calendar days before the release date of our Proxy Statement to stockholders in connection with our previous year's annual meeting. Therefore, proposals that stockholders wish to be included in next year's Proxy Statement for the Annual Meeting to be held in 2010 must be received at the Company's principal place of business at 1441 S.W. 29th Avenue, Pompano Beach, FL 33069, addressed to the Corporate Secretary's attention, no later than February 19, 2010. Upon receipt of any proposal, we will determine whether to include such proposal in accordance with regulations governing the solicitation of proxies. As of the date of this Proxy Statement, we had not received notice of any stockholder proposals for the 2009 Annual Meeting described herein.

How may I communicate with the Company's Board or the non-management Directors on the Company's Board?

You may contact any of our directors by writing to them c/o PetMed Express, Inc., 1441 S.W. 29th Avenue, Pompano Beach, FL 33069. Each communication should specify the applicable director or directors to be contacted as well as the general topic of the communication. We may initially receive and process communications before forwarding them to the applicable director. Concerns about accounting or auditing matters or communications intended for non-management directors should be sent to the attention of the Chair of the Audit Committee at the address above. Our directors may at any time review a log of all correspondence received by the Company that is addressed to the independent members of the Board and request copies of any such correspondence.

Can different stockholders sharing the same address receive only one Annual Report on Form 10-K and Proxy Statement?

Yes. The Securities and Exchange Commission permits companies and intermediaries, such as a brokerage firm or a bank, to satisfy the delivery requirements for Proxy Statements and annual reports with respect to two or more security holders sharing the same address by delivering only one Proxy Statement and annual report to that address. This process which is commonly referred to as "householding" can effectively reduce our printing and postage costs. Under householding, each stockholder would continue to receive a separate proxy card or voting instruction card.

Certain of our stockholders whose shares are held in street name and who have consented to householding will receive only one set of our Annual Meeting materials per household this year. If your household received a single set of our Annual Meeting materials this year, you can request to receive additional copies of these materials by calling or writing your broker, bank or other nominee. If you own your shares in street name, you can request householding by calling or writing your broker, bank, or other nominee.

CORPORATE GOVERNANCE

Our Board includes a majority of independent directors. Our Board reaffirms its accountability to stockholders through the stockholder election process. Our Board reviews and ratifies executive officer selection and compensation, and monitors overall corporate performance and the integrity of our financial controls. Our Board of Directors also oversees our strategic and business planning processes.

Policy with Regard to the Consideration of Director Candidate Recommendations by our Stockholders

The Corporate Governance and Nominating Committee has a policy pursuant to which it considers director candidates recommended by our stockholders. All director candidates recommended by our stockholders are considered for selection to the Board on the same basis as if such candidates were recommended by one or more of our directors or other sources. To recommend a director candidate for consideration by our Corporate Governance and Nominating Committee, a stockholder must submit the recommendation in writing to our Corporate Secretary not later than one hundred twenty (120) calendar days prior to the anniversary date of our Proxy Statement distributed to our stockholders in connection with our most recent Annual Meeting of Stockholders, and the recommendation must provide the following information: (i) the name of the stockholder making the recommendation, (ii) the name of the candidate, (iii) the candidate's resume or a listing of his or her qualifications to be a director, (iv) the proposed candidate's written consent to being named as a nominee and to serving as one of our directors if elected, and (v) a description of all relationships, arrangements or understandings, if any, between the proposed candidate and the recommending stockholder and between the proposed candidate and us so that the candidate's independence may be assessed. The stockholder or the director candidate also must provide any additional information requested by our Corporate Governance and Nominating Committee to assist the Committee in appropriately evaluating the candidate.

Corporate Governance and Nominating Committee's Identification and Evaluation of Nominees for Director

Potential candidates may come to the attention of the Corporate Governance and Nominating Committee through recommendations made by current directors, stockholders, executives, or director search firms retained by the Corporate Governance and Nominating Committee or other persons. Working closely with the full Board, the Corporate Governance and Nominating Committee develops criteria for open Board positions, taking into account such factors as it deems appropriate, including, among others, the current composition of the Board, the range of talents, experiences and skills that would best complement those already represented on the Board, the balance of management and independent directors, the need for financial or other specialized expertise, and willingness and ability to devote adequate time to our Board's duties.

Meetings of the Board of Directors

During the fiscal year ended March 31, 2009, there were four meetings of our Board of Directors, and the Board did not take any action by written consent in lieu of a meeting. Each director attended all of the meetings of the Board and meetings held by committees on which he served. Members of the Board are required to attend the Annual Meeting of Stockholders. A director who is unable to attend our Annual Meeting of Stockholders is expected to notify the Board in advance of the meeting.

Our independent directors (each director other than Mr. Akdag) meet in sessions without management of our Company present. In fiscal 2009, our independent directors held seven executive sessions without management of our Company present.

The Investment Committee is comprised of Menderes Akdag, Robert C. Schweitzer and Ronald J. Korn. Mr. Akdag and Bruce S. Rosenbloom, the Company's Chief Financial Officer, are authorized to take any and all action that is necessary to implement any recommendation of the Investment Committee as approved by the Board of Directors. The Investment Committee had two meetings during fiscal 2009.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing by us under the Securities Act of 1933, as amended, ("Securities Act") or the Exchange Act, except to the extent we specifically incorporate this Report by reference therein.

The Securities and Exchange Commission rules require us to include in this Proxy Statement a report from the Audit Committee of our Board of Directors. The following report concerns the Audit Committee's activities regarding oversight of our financial reporting and auditing process.

The Audit Committee is comprised solely of independent directors, as defined in the Marketplace Rules of The NASDAQ Stock Market LLC and under Exchange Act Rule 10A-3(b)(1), and it operates under a written charter adopted by the Company's Board of Directors. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Audit Committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis.

As described more fully in its charter, the purpose of the Audit Committee is to assist the Board of Directors in the oversight of its financial reporting, internal control, and audit functions. Management is responsible for the preparation, presentation, and integrity of its consolidated financial statements, accounting and financial reporting principles, and internal controls and procedures designed to ensure compliance with accounting standards and applicable laws and regulations. McGladrey & Pullen, LLP, the Company's independent registered public accounting firm, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm, nor can the Audit Committee certify that the independent registered public accounting firm is "independent" under applicable rules. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel, and direction to management and the independent registered public accounting firm on the basis of the information it receives, discussions with management and the independent registered public accounting firm, and the experience of the Audit Committee's members in business, financial, and accounting matters.

Among other matters, the Audit Committee monitors the activities and performance of the Company's independent registered public accounting firm, including the audit scope, external audit fees, registered public accounting firm independence matters, and the extent to which the independent registered public accounting firm may be retained to perform non-audit services. The Audit Committee and the Board of Directors have ultimate authority and responsibility to select, evaluate and, when appropriate, replace the independent registered public accounting firm. The Audit Committee also reviews the results of the audit work with regard to the adequacy and appropriateness of financial, accounting, and internal controls. Management and independent registered public accounting firm presentations to and discussions with the Audit Committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent registered public accounting firm. In addition, the Audit Committee generally oversees internal compliance programs.

The Audit Committee has reviewed and discussed the Company's consolidated financial statements with management and the independent registered public accounting firm, management represented to the Audit Committee that its consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the independent registered public accounting firm represented that its presentations included the matters required to be discussed with the independent registered public accounting firm by Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees."

McGladrey & Pullen, LLP, the independent registered public accounting firm, also provided the Audit Committee with the written disclosures required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Audit Committee discussed with McGladrey & Pullen, LLP the firm's independence.

Following the Audit Committee's discussions with management and McGladrey & Pullen, LLP, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2009.

M&P and RSM McGladrey, Inc. ("RSM"), an affiliate of M&P, had billed the Company for audit and other fees during Fiscal 2009 and 2008. The following table sets forth the fees billed to us by M&P, GGK, and RSM as of and for the fiscal years ended March 31, 2009 and March 31, 2008:

Other fees (tax-related) - RSM	19,428	17,500

Audit fees billed by M&P are related to the audit of our annual consolidated financial statements and of our assessment on internal control over financial reporting for the Fiscal Years ended March 31, 2009 and March 31, 2008. Audit fees also included the review of our Annual Report on Form 10-K, and the review of our interim consolidated financial statements included in our Quarterly Reports on Form 10-Q for the periods ended June 30, September 30, and December 31, 2007 and 2008. Other tax-related fees, which did not include Financial Information System Design and Implementation fees, were provided by RSM during Fiscal 2009 and 2008.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee of our Board of Directors, composed entirely of independent directors, administers our executive compensation program. The role of the Compensation Committee is to oversee the administration of the Company's compensation and benefit plans and policies, to review the compensation of the executive officer(s) and directors, to administer our stock plans, to prepare any report on executive compensation required by the rules and regulations of the Securities and Exchange Commission, and generally to provide assistance to the Board of Directors on compensation matters.

The following discussion and analysis of compensation arrangements of our named executive officers should be read together with the compensation tables and related disclosures set forth elsewhere in this Proxy Statement. Our named executive officers for the year ended March 31, 2009 are Menderes Akdag and Bruce S. Rosenbloom. This discussion contains forward-looking statements that are based on our current plans and expectations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Compensation Philosophy

The objective of our compensation programs is to attract and retain top talent. Our compensation plans are designed to motivate and reward employees for achievement of positive corporate results and also to promote and enforce accountability. In determining the compensation arrangement of our executives, we are guided by the following key principles:

- *Attract and Retain Top Talent.* Our compensation arrangements should be sufficient to allow us to attract, retain, and motivate executives with the necessary skills and talent to successfully manage our business. In order to attract, retain, and motivate such executives, we seek to compensate our executives at levels that are consistent with or more attractive than other available opportunities in the respective executive's marketplace.
- *Promote Corporate Performance Accountability.* So that executive compensation is aligned with our business objectives and corporate performance, compensation is tied, in part, to financial performance of our business so that executives are held accountable through their compensation for contributions to our performance as a whole through the performance of the tasks for which they are responsible.
- *Promote Individual Performance Accountability.* So that executive officers who contribute to our operating and financial performance are rewarded and motivated, compensation is tied, in part, to the individual executive's performance to encourage and reflect individual contributions to corporate performance. Individual performance, as well as performance of the business, and responsibility areas that an individual oversees, are factors in assessing a particular individual's performance.
- *Align Stockholder Interests.* Compensation should be tied, in part, to our financial performance through the grant of long-term incentives under our stock plans, which help to align our executives' interests with those of our stockholders.

The Compensation Committee believes that our compensation programs should include short-term and long-term components, including cash and equity-based compensation, and should reward performance as measured against established goals. The Compensation Committee considers the total current and potential long-term compensation of each of our executive officers in establishing each element of compensation.

The Compensation Committee reviews and recommends to the full Board of Directors the total compensation to be paid to our chief executive officer and president, in advance of the expiration of his three-year term Executive Employment Agreements. The Compensation Committee reviews and recommends to the full Board of Directors on an annual basis, the long-term incentives to be awarded to other executive officers and key employees.

As part of this process, the Compensation Committee reviews benchmarking of the aggregate level of executive compensation, as well as the mix of elements used to compensate the executive officers. In addition, the Compensation Committee has historically taken into account publicly available data relating to the compensation practices and policies of other companies within and outside our industry. While benchmarking may not always be appropriate as a stand-alone tool for setting compensation due to the aspects of our business and objectives that may be unique to us, the Compensation Committee generally believes that gathering this information is an important part of our compensation-related decision-making process.

At the request of the Compensation Committee, a compensation benchmarking analysis was conducted to assist in the determination of appropriate executive compensation for fiscal 2007 and fiscal 2008. Two groups of peer companies were researched: comparable companies located in South Florida and other Catalog/Direct Mail Retailers (based on the nature of the Company's business).

Below is a list of each group:

- South Florida Companies: National Beverage Corp., Geo Group Inc., Tarragon Corp., Answerthink Inc., Perry Ellis International Inc., Bluegreen Corp., Levitt Corp., Eclipsys Corp., and Beasley Broadcast Group Inc.
- Catalog/Direct Mail Retailers: 1800Contacts, Drugstore.com Inc., Overstock.com Inc., 1-800-Flowers.com Inc., and Blue Nile, Inc.

The information gathered about the peer companies was as follows: with respect to corporate data - market capitalization, annual revenue, and annual earnings per share. The specific mix of elements of compensation that were benchmarked included: annual salary, bonuses, and stock based compensation (which included both stock options and restricted stock). Averages of each of the above categories were calculated. Our Company's data was then compared to the averages of the comparable companies' data. Based on the results of the above benchmarking study the CEO's salary, pursuant to entering into a three-year employment agreement, was increased in March 2007 from \$250,000 to \$450,000, and the Chief Financial Officer's ("CFO") salary was increased in June 2007 from \$147,940 to \$200,200. An average ratio, which was approximately 60% of the peer group average, was determined by the Board based on the collected data and that ratio was applied to determine a guideline for executive compensation for both the CEO and the CFO.

While it has not yet done so, in the future the Compensation Committee may retain the services of third-party executive compensation specialists from time to time, as it sees fit, in connection with the establishment of cash and equity compensation and related policies.

The chief executive officer evaluates the performance of other executive officers and key employees on an annual basis and makes recommendations to the Compensation Committee with respect to grants pursuant to the Company's Employee Restricted Stock Plan.

Application of our Philosophy

Our executive compensation program aims to encourage our management team to continually pursue our strategic opportunities while effectively managing the risks and challenges inherent to our business. Specifically, we have created an executive compensation package that we believe balances a short-term component (annual cash compensation), specifically, base salary, and a long-term component, specifically, stock options or restricted stock.

We believe that these components are appropriate to provide incentives to our senior management and reward them for achieving the following goals:

- develop a culture that embodies a passion for our company, creative contribution, and a drive to achieve established goals and objectives;
- provide leadership to the company in such a way as to maximize the results of our business operations;
- lead us by demonstrating forward thinking in the operation, development, and expansion of our company;

- effectively manage organizational resources to derive the greatest value possible from each dollar invested; and
- take strategic advantage of the market opportunity to expand and grow our business.

Our executive compensation structure aims not only to compensate top talent at levels that our board of directors believes are consistent with or more attractive than other opportunities in an executive's marketplace, but also to be fair relative to compensation paid to other professionals within our organization, relative to our short- and long-term performance results and relative to the value we deliver to our stockholders. We seek to maintain a performance-oriented culture with a compensation approach that rewards our executive officers when we achieve our goals and objectives, while putting at risk an appropriate portion of their compensation against the possibility that our goals and objectives may not be achieved. Overall, our approach is designed to relate the compensation of our executive officers to: the achievement of short- and long-term goals and objectives; their willingness to challenge and improve existing policies and structures; and their capability to take advantage of unique opportunities and overcome difficult challenges within our business.

Components of our Executive Compensation Program

Annual Cash Compensation - Base Salary

The purpose of base salary is to create a secure base of cash compensation for executives that is competitive with the market. Executives' salary increases do not follow a preset schedule or formula; however, the following is considered when determining appropriate salary levels and increases: the individual's current and sustained performance results and the methods utilized to achieve such results; and non-financial performance indicators to include strategic developments for which an executive has responsibility and managerial performance.

The Committee exercises discretion in making salary decisions taking into account, among other things, each individual's performance and the Company's overall performance. With regard to individual performance of executive officers other than the Chief Executive Officer, the Committee relies to a large extent on the Chief Executive Officer's evaluations of each individual executive officer's performance.

Long-Term Incentive Compensation

Long-Term Incentives. Prior to July, 2006, our long-term incentives were primarily in the form of stock option awards. The purpose of stock options was to provide equity compensation whose value was directly related to the creation of share-owner value. Grant levels were determined based on individual performance and potential, history of past grants, time in current job, and level of, or significant changes in, responsibility. Stock options provided a vehicle to increase equity ownership and share in the appreciation of the value of Company stock. Stock option grants were made pursuant to our 1998 Stock Plan. The Option Plan expired on July 31, 2008.

At the Annual Meeting of the Company's stockholders held on July 28, 2006, both the PetMed Express, Inc. 2006 Employee Equity Compensation Restricted Stock Plan (the "Employee Plan") and the PetMed Express, Inc. 2006 Outside Director Equity Compensation Restricted Stock Plan (the "Director Plan") were approved by the stockholders. See "Director Compensation" for a detailed description of the Employee Plan and Director Plan.

The purpose of the Employee Plan is to promote the interests of the Company by securing and retaining employees of outstanding ability and to provide additional motivation to such employees to exert their best efforts on behalf of the Company. The Company expects that it will benefit from the added commitment which such employees will have in the welfare of the Company as a result of their ownership or increased ownership of the Company's Common Stock. All employees will be eligible to receive awards ("Awards") under the Plan, which consist of grants of Restricted Stock. Awards may be made under the Plan until July 28, 2016.

The purpose of the Director Plan is to promote the interests of the Company by attracting, retaining, and compensating highly qualified individuals who are not employees or affiliates of PetMed Express, Inc. or any of its subsidiaries, to serve as members of the Company's Board of Directors, and to enable them

to increase their ownership of PetMed Express, Inc.'s Common Stock, thereby increasing their proprietary interest in PetMed Express, Inc. and their identification with the interests of PetMed Express, Inc.'s stockholders. Awards may be made under the Director Plan until July 28, 2016.

Perquisites and Other Compensation Benefits. Consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our executive officers, which are also generally available to employees, including medical, dental, and 401(k) matching contributions. In general, we do not view perquisites as a significant component of our executive compensation structure, however, the Compensation Committee in its discretion may revise, amend, or add to officer(s)' executive benefits.

EXECUTIVE COMPENSATION

On an annual basis, a forecast (budget) is presented to the Board of Directors, and this annual forecast is discussed and must be approved by the Board. The annual forecast serves as a baseline for the Company's performance goals, including those of the executive officers.

The Chief Executive Officer's ("CEO") annual compensation package is comprised of salary and stock based compensation determined by the Compensation Committee of the Board of Directors. When the CEO's then existing contract, entered into on March 17, 2004, was due for renewal the Compensation Committee sought to develop a contract renewal that was both fair to our Company and that would recognize our CEO's significant contribution to the success of our Company. The CEO's compensation package is determined by the terms of the CEO's employment contract (current term: March 17, 2007 to March 16, 2010). To determine the appropriate contract renewal terms for the Company's CEO, the Compensation Committee conducted an in-depth review of the benchmarking data (previously discussed), which included comparable performing companies. The Compensation Committee also reviewed the compensation portions of the CEO's initial contract and then-existing contract entered into on March 17, 2004. Additionally, the Committee reviewed the Company's performance during the CEO's tenure. During the term of the CEO's then-existing contract, the Company's sales increased 71%, 15%, and 27% in fiscal 2004, 2005, and 2006, respectively, and earnings per share increased 59%, 36%, and 47% in fiscal 2004, 2005, and 2006, respectively. Thus, it was determined that these financial results exceeded the Compensation Committee's overall expectations. As previously mentioned, based on the results of the above benchmarking study the CEO's salary was increased in March 2007 from \$250,000 to \$450,000 for each year under his three-year employment agreement, expiring in March 2010.

The Chief Financial Officer's ("CFO") annual compensation package is comprised of salary, bonus, and stock based compensation. The package is determined preliminarily by the Company's Chief Executive Officer, and as of June 2007 the CFO's annual compensation package was increased to make it comparable to the packages as benchmarked (discussed previously). Currently on an annual basis, the CEO together with the CFO determines performance-based goals for the CFO at the beginning of the fiscal year.

For Fiscal 2008, the CFO's goals, on a percentage basis, included: Net Revenue (22.5%), Operating Profit (22.5%), Peer Review (10%), with all three - "the higher the better," and General and Administrative Expenses as a Percentage of Sales (25%) and Employee Turnover (20%), with both - "the lower the better." The goals of Net Revenue and Operating Profit are company-wide goals and the criteria are based annually on the board-approved forecast (budget). The Peer Review is also a company-wide "goal" and is based on reviews submitted by peers and subordinates with respect to the following criteria: Work Product, Timeliness, Passion for Excellence, Personal Integrity, Work Ethics, and Continued Improvement. The goal of minimizing the General and Administrative Expenses as a percentage of sales criteria is based on the board-approved forecast (budget).

The method used provides planned objectives that can be determined quantitatively on a scale of 1 to 5, apportioning weight to each goal as a percentage (totaling 100%) and based on the final ratings, awarding a percentage increase in salary, at a previously predetermined amount. For example a rating of a 3 is meeting the predetermined goal. With respect to the CFO's annual compensation package for the Fiscal Year ended March 31, 2009, the below chart reflects his Fiscal Year 2008 goals, which was the basis for the Fiscal Year 2009 compensation, and the weight placed and rating received on each goal. The total represents the weight multiplied by the rating. The CFO's overall total rating was 3.23.

Goal	Budget	Actual	Weight	Rating	Total
Net Revenue (in millions)	\$195.0	\$188.3	22.5%	1.33	0.30
Operating Profit (in millions)	\$26.0	\$28.0	22.5%	5.00	1.13
Peer Review (score)	3.00	4.91	10%	4.91	0.49
General & Administrative Expenses as a percentage of sales	10.50%	10.78%	25%	1.88	0.47
Employee Turnover	70.0%	54.82%	20%	4.21	0.84
Total					3.23

With respect to the CFO's annual compensation package, for the Fiscal Year ended March 31, 2008, a total rating of 1 earned no raise; a total rating of 2 earned a 4.0% raise; a total rating of 3 earned a 6.0% raise; a total rating of 4 earned a 9.0% raise; and a total rating of 5 earned a 12.0% raise. Based on the above-indicated total of 3.23, the CFO earned a 6.7% raise in annual salary for the Fiscal Year ended March 31, 2009.

Stock based compensation is also determined based on the above performance criteria, with respect to the CFO's annual stock based compensation for the Fiscal Year ended March 31, 2009, he was awarded 8,250 restricted stock shares, a 10% increase based on the above rating of a 3.23. A predetermined scale was set in advance and any rating between 4 and 5 points earned a 15% increase, between 3 and 4 points earned a 10% increase, and under 3 points earned no increase.

The CFO's compensation for Fiscal Year 2010 will be based on the following Fiscal Year 2009 goals, on a percentage basis: Net Revenue (25%), Operating Profit (25%), Qualitative Review (25%), with all three - "the higher the better," and General and Administrative Expenses as a Percentage of Sales (25%) - "the lower the better." The goals of Net Revenue and Operating Profit are company-wide goals and the criteria are based annually on the board-approved forecast (budget). The Qualitative Review is also a company-wide "goal" and is based on reviews submitted by peers and subordinates with respect to the following criteria: Work Product (Quality, Consistency, Timeliness, Initiative, Adaptability, and Resourcefulness); Personal Integrity; Work Ethics; and Focus/Interpersonal Skills. The goal of minimizing the General and Administrative Expenses as a percentage of sales criteria is based on the board-approved forecast (budget).

Similar to Fiscal Year 2009, the method used provides planned objectives that can be determined quantitatively on a scale of 1 to 5, apportioning weight to each goal as a percentage (totaling 100%) and based on the final ratings, awarding a percentage increase in salary, at a previously predetermined amount. For example a rating of a 3 is meeting the predetermined goal. With respect to the CFO's annual compensation package, for the Fiscal Year ended March 31, 2010, a total rating of 1 earned no raise; a total rating of 2 earned a 4.0% raise; a total rating of 3 earned a 6.0% raise; a total rating of 4 earned a 9.0% raise; and a total rating of 5 earned a 12.0% raise.

Also, the annual bonus is based on a company-wide goal determined by management. A minimum bonus is determined and the bonus pool can increase depending on exceeding the goal. This bonus pool is then distributed to all employees, except for the Chief Executive Officer. The distribution amount is based on position and time of service. For Fiscal 2008, the bonus was based on the Company's reorder sales as a percentage of prior period's total sales. The bonus pool was established at \$25,000, the prior year's total bonus, and for every 1% in excess of the 80% goal an additional \$5,000 was added to the total bonus pool. For Fiscal 2008, the Company's reorder sales as a percentage of prior period's total sales were 83%. Therefore, the total bonus pool for Fiscal 2008 was \$40,000, which was shared with all employees, except for the CEO. There was no minimum bonus established for our CFO. His bonus is based on the same criteria, listed above, as is used to determine the bonuses for all eligible employees, specifically, proportionally based on each eligible employee's years of service and annual compensation.

The following table sets forth certain summary information concerning compensation paid or accrued by the Company to or on behalf of the Company's Chief Executive Officer and President, and Chief Financial Officer for the fiscal year ended March 31, 2009, 2008, and 2007.

Stock options have not been granted since May 20, 2005. Stock options and restricted stock grants generally vest in equal installments over three years. In accordance with the terms of our equity compensation plans approved by stockholders, the exercise price for all options granted is equal to or higher than the closing price for one share of our common stock on the NASDAQ Global Select Market as of the trading day immediately preceding the effective date of the grant (or a higher price designated by the Compensation Committee). As a result, stock options granted under those plans will have value only if the market price of our common stock increases after that date.

The Company cautions that the amounts reported in the 2009 Director Compensation table for these stock based awards reflect the Company's accounting expense and may not represent the amounts that the Directors will actually realize from the awards. Whether, and to what extent, a Director realizes value will depend on the Company's actual operating performance, stock price fluctuations and the Director's continued service on the Board.

1998 Stock Option Plan

The Company established the 1998 Stock Option Plan (the "Option Plan") effective July 31, 1998, which provided for the issuance of qualified options to officers and key employees, and nonqualified options to directors, consultants, and other service providers. The Company had reserved 5,000,000 shares of common stock for issuance under the Option Plan. The exercise prices of options issued under the Option Plan had to be equal to or greater than the market price of the Company's common stock as of the date of issuance. The Option Plan expired on July 31, 2008.

2006 Restricted Stock Plans

At the Annual Meeting of the Company's stockholders held on July 28, 2006, both the PetMed Express, Inc. 2006 Employee Equity Compensation Restricted Stock Plan and the PetMed Express, Inc. 2006 Outside Director Equity Compensation Restricted Stock Plan were approved by the stockholders.

The purpose of the Employee Plan is to promote the interests of the Company by securing and retaining employees of outstanding ability and to provide additional motivation to such employees to exert their best efforts on behalf of the Company. The Company expects that it will benefit from the added commitment which such employees will have in the welfare of the Company as a result of their ownership or increased ownership of the Company's Common Stock. All employees will be eligible to receive awards under the Plan, which consist of grants of Restricted Stock. Awards may be made under the Plan until July 28, 2016, and the maximum number of shares of Common Stock that may be awarded pursuant to the Employee Plan shall not in the aggregate exceed 1,000,000 shares. At March 31, 2009, the Company had 247,609 restricted common shares issued under the Employee Plan, all shares of which were issued subject to a restriction or forfeiture period which will lapse ratably on the first, second, and third anniversaries of the date of grant, and the fair value of which is being amortized over the three-year restriction period.

The purpose of the Director Plan is to promote the interests of the Company by attracting, retaining, and compensating highly qualified individuals who are not employees or affiliates of PetMed Express, Inc. or any of its subsidiaries, to serve as members of the Company's Board of Directors, and to enable them to increase their ownership of PetMed Express, Inc.'s Common Stock, thereby increasing their proprietary interest in PetMed Express, Inc. and their identification with the interests of PetMed Express, Inc.'s stockholders. Awards may be made under the Director Plan until July 28, 2016, and the maximum number of shares of Common Stock that may be awarded under the Director Plan shall not in the aggregate exceed 200,000 shares. At March 31, 2009, the Company had 68,000 restricted common shares issued under the Director Plan, all shares of which were issued subject to a restriction or forfeiture

period which will lapse ratably on the first, second, and third anniversaries of the date of grant, and the fair value of which is being amortized over the three-year restriction period.

Administration of Plans

The Employee Plan will be administered by the Company's Compensation Committee, which will have the sole authority to (i) designate participants in the Plan, (ii) determine the number of shares to be covered by grants under the Plan, (iii) determine the terms and conditions of any grant under the Plan, (iv) interpret and administer the Plan, (v) establish, amend, suspend or waive rules and guidelines and appoint such agents as it deems appropriate for the administration of the Plan, and (vi) make any other determination and take any other action that it deems necessary or desirable for administration of the Plan.

The Director Plan will be administered by the Company's Board of Directors, which will have the sole authority to (i) grant shares under the Plan, (ii) interpret and administer the Plan, (iii) determine the terms and conditions of any grant under the Plan, (iv) establish, amend, suspend or waive rules and guidelines and appoint such agents as it deems appropriate for the administration of the Plan, and (v) make any other determination and take any other action that it deems necessary or desirable for administration of the Plan.

Awards and Vesting

The Compensation Committee will have the authority to grant to Employee Plan participants awards of restricted stock that will be subject to such conditions, restrictions and contingencies as the Compensation Committee may impose.

Pursuant to the Employee Plan, the minimum restricted period applicable to certain grants of restricted stock will be one year and the maximum restricted period will be ten years. Such restricted period would terminate under the following circumstances: the participant's total and permanent disability or the participant's death.

Except as otherwise determined by the Compensation Committee, upon termination of employment for any reason during the applicable restriction period, all shares subject to restrictions granted under the Employee Plan will be forfeited and reacquired by the company.

The Board of Directors will have the authority to grant to Director Plan participants awards of restricted stock.

Pursuant to the Director Plan, the minimum restricted period applicable to certain grants of restricted stock will be one year and the maximum restricted period will be ten years. Such restricted period would terminate under the following circumstances: the participant's total and permanent disability or the participant's death.

Except as otherwise determined by the Board of Directors, if a participant shall cease to serve as an independent (outside) director for any reason during the applicable restriction period, all shares subject to restrictions granted under the Director Plan will be forfeited and reacquired by the company.

Pursuant to the Director Plan, each person who is an independent director following an Annual Meeting of Stockholders each year will automatically be granted an award of 5,000 shares of Common Stock (subject to change with Board approval, and it was changed from 5,000 to 6,000 shares in August 2007), and the Grant Date with respect to each such award will be the date on which the award is granted.

Escrow of Stock Certificates

Certificates representing the Restricted Stock will be registered in the name of the participant, bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such shares, and PetMed Express, Inc. shall retain physical possession of the certificate in escrow until all restrictions have been lifted or requirements met.

Rights with Respect to Shares

During the period in which any shares of restricted stock granted under the Employee Plan or Director Plan are subject to any restrictions, the participant to whom such shares have been awarded will have all the rights of a shareholder with respect to such shares, including the right to vote such shares or the right to receive dividends on such shares.

Restrictions and Adjustments

Restricted stock grants under the Employee Plan and Director Plan may not be assigned, transferred or pledged by the participant, other than by will or the laws of descent and distribution (unless assigned or transferred to the company) prior to the time at which all applicable restrictions imposed under the terms of the relevant award have expired, lapsed, or have been waived or satisfied.

In the event of any change in the Company's common stock by reason of recapitalization, merger, consolidation, combination or exchange of shares, split-up, split-off, spin-off, liquidation or other similar change in capitalization, (i) the numbers and class of shares covered by outstanding awards under the Employee Plan and Director Plan, and (ii) the aggregate number and class of shares available under the Employee Plan and Director Plan, would be adjusted by the Compensation Committee or Board of Directors, respectively. Any new, additional or different securities to which the participant is entitled with respect to an award by reason of such adjustment shall be deemed to be restricted stock and shall be subject to the same terms, conditions, and restrictions as the award so adjusted.

Change in Control

Pursuant to the Employee Plan and Director Plan, unless an award agreement expressly provides otherwise, upon the effective date of a "change in control" of the company, any restricted period imposed on an award would immediately terminate. For purposes of the Employee Plan and Director Plan, a "change in control" means the happening of any of the following events:

- any individual, entity or group becomes the owner of 20% or more of the Company's outstanding common shares;
- there occurs within any period of two consecutive years any change in the directors of the Company such that the members of the Company's Board of Directors prior to such change do not constitute a majority of the directors after giving effect to all changes during such two-year period unless the election, or the nomination for election by the Company's stockholders, of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period;
- the Company is merged, consolidated or reorganized into or with, or sells all or substantially all of its assets to, another company or other entity, and immediately after such transaction less than 80% of the voting power of the then-outstanding securities of such company or other entity immediately after such transaction is held in the aggregate by holders of the Company's Common Stock immediately before such transaction.

Amendment or Termination of Plan; Amendments to Awards

The Employee Plan may be amended, suspended, discontinued, or terminated by the Compensation Committee without the consent of any shareholder, plan participant, or other holder of an award under the plan, and the Director Plan may be amended, suspended, discontinued, or terminated by the Board of Directors without the consent of any shareholder, plan participant, or other holder of an award under the plan. However, without the approval of shareholders, no such amendment, suspension, discontinuation or termination may be made that would increase the total number of shares available for awards under the plans, extend the duration of the plans, or materially increase the benefits accruing to participants under the plans.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended March 31, 2009, Robert C. Schweitzer, Ronald J. Korn, Gian M. Fulgoni, and Frank J. Formica served on the Compensation Committee. Accordingly, insiders do not participate in compensation decisions.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board's policy requires that transactions with related parties must be entered into in good faith on fair and reasonable terms that are no less favorable to us than those that would be available in a comparable transaction in arm's-length dealings with an unrelated third party. Our Board, by a vote of the disinterested directors, must approve all related party transactions, recommended by the Audit Committee. Since the beginning of the Company's last fiscal year, the Company has not had, or been a party to, nor is there currently proposed, a transaction with a related party.

INTEREST OF CERTAIN PERSONS IN OPPOSITION TO MATTERS TO BE ACTED UPON
